LIMO - Silicon Minds | M2 Milestone Report

CS3520 Computer Organisation and Architecture | AY2026/2027

Milestone: M2 - Simulator Design | Tag: m2 | Release: https://github.com/mohlalanyanepule/LIMO-TEAM-Silicon-Minds-/release

Live: https://mohlalanyanepule.github.io/LIMO-TEAM-Silicon-Minds-/

1) Objectives Achieved

- ISA frozen with D1 feedback applied
- Architecture and block diagram
- Pipeline-register data model
- Interface wireframes
- Working assembler
- Assembler unit tests
- GitHub Pages site live

2) Deliverables

- docs/architecture.md
- docs/pipeline-registers.md
- docs/wireframes.md
- docs/ISA-specification.md
- Working assembler UI

3) Next Steps (M3)

- Five-stage pipeline core
- Pipeline registers and control
- Step/Run/Reset
- Register and memory views
- Hazard-free program execution
